

Talk Programme on “Need of Map Reading in Geographical Study”

A talk program on “Need of Map Reading in Geographical Study” was organized by the Geographical Forum of Geography Department on 6th December, 2024 at Shri Shri Kamalabari Satra Higher Secondary School, Mahimabari, Titabar. Mr. Babul Katoky, senior Assistant teacher of the school presided over the meeting. The Secretary of the Forum Dr. Navamallika Sharma explained the objective of the programme. Other teacher members of the Forum actively participated in the programme. Dr. Jonali Saikia Borkakoty, Head & Associate Professor of the department of Geography was present in the programme as the Resource person. She very deliberately explained the need of maps in the study of the subject Geography and discussed various aspects of map making and other related problems. The resource person discussed the different use of maps. Besides maps, she also discussed about different interesting things of geography and its applicability. All the participants including teachers and students found this topic very interesting and interacted with the resource person about different things relating to maps and other cartographic techniques. About 100 participants were present in the programme and gained knowledge about maps.
